

Global Natives Wiki Bibliography Grading Rubric

Name:

Class:

Date:

	1	2	3	4
Did I use a variety of appropriate sources of information (books, encyclopedias, websites, online databases, personal interviews, observations, etc..)?	I did not use sources	I only used 1 type of source	I used at least 2 different types of sources	I used at least 3 different types of sources
Did I choose appropriate resources that gave me information that came from experts or persons that were knowledgeable about my topic with proper citing?	Most of my sources are questionable and are not cited appropriately	I have used some questionable sources of information and part of the sources are not cited	Most of my sources are appropriate and most of the citation is correct	All of my sources have accurate info and can be verified with cited sources
Did I choose resources that I could read and understand the information?	I did not find my reading level books and did not ask for help.	My sources were difficult to read and I needed a lot of help to understand the information	Most of my sources were readable, but a little difficult to understand	All of my sources were readable and I could get information from them
Is my information placed in the appropriate sections of the wiki with a well written annotation	Information could not be found easily and was difficult to understand with more than 6 errors	Information is disorganized and was difficult to find. There were no more than 6 errors	Information is mostly placed in a logical location with no more than 3 errors in punct. & grammar	Information is placed in a logical location with punctuation and grammatically correct annotations (no errors)
